DHC REFERRAL INCENTIVE PROGRAM

Terms and Conditions

Effective November 12, 2026

Thank you for recommending Dynamic Home Creations. These terms explain who may participate, what counts as a qualifying referral, how rewards are calculated, and how referral information is handled. Please read them before submitting a referral.

PROGRAM AT A GLANCE

Submit a new prospective client's name and at least one contact method only after receiving that person's permission.

A qualifying referral that signs a DHC project contract may earn the referrer 3% of the original signed project value, up to a maximum reward of $500.

DHC verifies eligibility before payment. A referral submission by itself does not guarantee a reward.

1. ELIGIBILITY

The program is available to invited former or current DHC clients who are at least 18 years old. DHC employees and anyone directly involved in evaluating or awarding the referral are not eligible unless DHC approves participation in writing. Participation is void where prohibited by law.

2. HOW TO SUBMIT A REFERRAL

Use the official DHC referral form at https://dynamichomecreations.com/dhc-referral-rewards/. Provide your name, the referred person's name, and at least one reliable contact method - email address or phone number. You must confirm that the referred person gave you permission to share the information with DHC.

3. WHAT COUNTS AS A QUALIFYING REFERRAL

A qualifying referral must be a new prospective DHC client who is not already under contract with DHC and is not already being actively pursued by DHC when the referral is received. The prospect must sign a new project contract directly with DHC. A referral does not qualify when the prospect was already known to DHC through an existing lead, active estimate, prior referral, or current sales conversation.

4. DUPLICATE REFERRALS

If more than one person refers the same prospect, DHC will credit the first complete and verifiable referral received through the official form. DHC's time-stamped records will control. One reward is available per successful referred client, even if that client signs more than one contract.

5. REWARD AMOUNT

The reward equals 3% of the original signed project value, capped at $500 per qualifying referral. The original signed project value is the contract price after discounts or credits and before later change orders, financing charges, taxes, permit fees, or government charges. No reward is earned on warranty work, no-charge work, canceled contracts, self-referrals, or duplicate referrals.

6. VERIFICATION AND PAYMENT

DHC will verify the referrer's identity, the referral source, the prospect's new-client status, and the signed contract value. Eligible rewards are normally processed within two weeks after the qualifying contract is signed and verified. If the contract is rescinded, canceled, voided, or determined to be fraudulent before payment is issued, no reward is due. DHC may request reasonable documentation needed to process payment.

7. TAXES

Referral rewards may be taxable income. The recipient is responsible for any applicable federal, state, or local taxes. DHC may request a completed tax form and may report payments when required by law. Referrers should consult their own tax adviser regarding their circumstances.

8. PRIVACY AND CONTACT PERMISSION

By submitting a referral, you confirm that the referred person agreed to have their name and contact information shared with DHC. DHC will use the information to contact the referred person about potential home-improvement services, administer the referral program, maintain business records, prevent fraud, and comply with applicable law. DHC does not sell referral information. The referred person may ask DHC to stop contacting them at any time. Do not submit sensitive financial, medical, government-identification, or account-password information.

9. PUBLIC RECOMMENDATIONS AND DISCLOSURE

No public review or endorsement is required to participate. If a referrer publicly recommends or endorses DHC while eligible to receive a reward, the referrer should clearly disclose the potential financial incentive near the recommendation.

10. FRAUD, MISREPRESENTATION, AND PROGRAM ABUSE

DHC may deny or revoke eligibility for false information, fabricated referrals, self-referrals, impersonation, harassment, unauthorized sharing of contact information, manipulation of referral records, or other abuse. Participation does not create an employment, agency, partnership, joint-venture, or contractor relationship with DHC.

11. PROGRAM CHANGES

DHC may modify, suspend, or end the program at any time. Changes will apply prospectively unless required by law or needed to address fraud or error. The version posted with the referral form when a referral is submitted governs that referral. If a term is found unenforceable, the remaining terms continue to apply.

12. QUESTIONS AND CONTACT

Questions about a referral or reward may be directed to Dynamic Home Creations at service@dynamichomecreations.com or (908) 444-9143.
